PROFILE

For me, architecture is about inspiring and creating spaces that influence people and their behaviour in a healthy and positive way, while embracing the local heritage and prioritising sustainability.

My passion for architecture and design emerged from a very early age. The Bachelor's course in Architecture I graduated, as well as the practical trainings I carried out, productively merged and trained my artistic, technical and humanist skills, enriching my appetite for knowledge and further development in this field.

I am a self-initiative, independent, motivated, work and study orientated person. My main strengths lie in working by being well informed, systematically and properly organised; I am a rationalist that looks at everything through numbers.

WORK EXPERIENCE

Jun. 2019
- Feb. 2020

Architectural Assistant

VMP ATELIER SRL

The office work I carried out while being an architectural assistant for the above-mentioned architecture office implied making presentations on professional topics, developing research and analyses for multiple projects, elaborating drawings, renders and professional documents while taking part both in the design process and execution of the projects. At the same time, I was offered the opportunity of working directly with the clients, assisting in meetings and gathering or providing requested information. I was also tasked with field work, taking part in site inspections and analyses, in various development stages of projects.

Oct. 2018
- May 2019

Student Ambassador

Regent Property Management Ltd - Canterbury

While working as a student ambassador for a private student accommodation, my main responsibilities were reporting any inquiries that would occur during out of office hours and managing some on my own such as: lockouts, fire alarms, electrical and water issues; being responsible for the activity of the entire campus.

Jul. 2018
- Sep. 2018

Assistant

S.C. "Constructii Complexe Buzau" S.A.

For the time I was an assistant for the above-mentioned construction company, my main responsibilities were managing records, monitoring expenses, ordering supplies and overseeing supply reordering, but also presenting projects and updates to clients, organising meetings, and making sure that the project contracts and bids were complete and filed on time.

Jul. 2017
- Sep. 2017

Assistant

S.C. "Constructii Feroviare Galati" S.A.

While working as an assistant for the mentioned above construction company, my primary responsibilities were managing records, monitoring expenses, but also sorting mail, answering phones, taking messages and following up with customers.

OTHER

Oct. 2018
- May 2019

Mentor

University of Kent

As a mentor at the university, I had the duty to guide and help second-year students with their modules, projects, reports, studying, time management and motivation, in order to ease their university experience and achieve higher results.
